

The Only Portable Write-Blocker that Supports 6 Drive Interfaces in One Device

- **A fast, secure, read-only write-blocker solution**
- **Supports SAS, SATA, FireWire®, USB 3.0, IDE source drives**
- **Supports PCIe SSDs (M.2 NVMe/SATA/AHCI) and mini-PCIe cards with optional adapters**
- **Connect and image multiple source drives simultaneously**
- **Fast SuperSpeed USB 3.0 host connection**
- **Browser-based user interface to manage all WriteProtect operations**

The WriteProtect™-DESKTOP write blocker provides secure, read-only, write-blocked access to SAS, SATA, USB 3.0, FireWire®, IDE (IDE supported with an adapter) and M.2 suspect drives. Extremely fast performance is powered by a SuperSpeed USB 3.0 host connection to easily manage large capacity drives. The WriteProtect-DESKTOP is the only portable write-blocker on the market that provides support for 6 different storage technologies in one compact device. Logicube, a pioneer in the digital forensic industry, delivers an easy to use, reliable, and professional forensic write-blocking solution.

FEATURES

- The standalone WriteProtect-DESKTOP features a **compact size** at 7.87" x 5.37" x 2.3" and support for 6 interfaces to meet all your write-blocking needs in the field or lab.
- **SuperSpeed USB 3.0 host connection** for extremely fast operation.
- **Built-in, read-only, write-blocked** support for SAS/SATA/USB3.0/2.0/1.1/FW400/FW800 storage technologies. An adapter is included to support 2.5"/3.5" IDE drives.
- **Supports M.2 SSDs** (NVMe/SATA/AHCI) and mini-PCIe cards with an optional PCIe adapter kit.
- **Built-in PCIe support** for PCIe drives. Mini-PCIe and M.2 NVMe/AHCI support is available with an optional PCIe adapter kit.
- **Multiple source drives** can be connected to the WriteProtect and imaged, using your forensic imaging software, simultaneously to shorten processing time.
- Features **2 SAS/SATA drive ports, 1 USB 3.0 port, 1 FireWire® port, 1 PCIe port, and 1 Gigabit Ethernet port** with simultaneous imaging support.
- **1.8" IDE, ZIF, eSATA, micro SATA, mSATA, U.2 NVMe, and flash media** are supported with optional adapters.
- Use the **remote, browser-based interface** to manage all WriteProtect-DESKTOP operations including software updates.
- **HPA/DCO detection and capture** supported via the browser-based user interface.
- **8 LEDs for power, host, drive, and HPA/DCO detection** allow you to easily monitor functions.
- **Compatible** with forensic acquisition and analysis software.

The Only Portable Write-Blocker that Supports 6 Drive Interfaces in One Device

IN THE BOX

The following items are included with the WriteProtect-DESKTOP:

- Power supply & US power cord
- 2 SAS/SATA power & data cables
- 1 FireWire cable
- 1 USB 3.0 Type A Male to Micro-B Male
- 1 CAT6 network cable
- 1 2.5"/3.5" IDE to SATA adapter

OPTIONS

The following options are available for the WriteProtect-DESKTOP:

- PCIe adapter kit for M.2 (NVMe/SATA/AHCI) and mini-PCIe cards.
- mSATA to SATA adapter
- micro SATA to SATA adapter
- eSATA cable
- U.2 NVMe to PCIe adapter
- 1.8" ZIF to 1.8" IDE and 1.8" IDE to SATA adapter
- USB Flash Reader for various flash media including compact flash and SD cards

SPECIFICATIONS

Power Requirements	Power Supply Voltage (DC IN)	Output Voltage (DC OUT)	Net Weight	Dimensions	Agency Approvals
72 watts (including 2 drives plus 1 USB to 3 SATA drive)	+12VDC @ 12.5A	+5VDC @ 2.5A, +12VDC @ 2.5A	2.0 lbs .90 kg	7.87" x 5.37" x 2.3" 200 mm x 136 mm x 58 mm	RoHS compliant
