moving you forward

Zip12 Charging Desktop Cabinet

More flexibility

- Adjustable dividers let you customize capacity: Standard 1.1"-wide (28 mm) slots accommodate up to 12 devices—ideal for tablet, Chromebook and Ultrabook device
- Adjust slots to 1.9" (48 mm) to accommodate up to 8 laptops or thicker devices with large cases
- Mix and match devices; move and remove dividers
- Remove a divider to create space to install a Wireless Access Point (not included); Ethernet cable routing hole included in back wall
- Country-specific 12 receptacle outlet strip is designed to work with oversized wall style and brick style AC adapters.
- Fits devices up to maximum dimensions 15,3"W x 9,7"H (38,9 x 24,6 cm) including case and cord

CHARGE, SECURE AND PROTECT CHROMEBOOKS, TABLETS & LAPTOPS

The latest in device charging technology, the Ergotron Zip12 Charging Desktop Cabinet, provides the ultimate functionality and versatility. Charge, protect and secure a wide variety of devices—most tablet, Chromebook™, MacBook® and laptop devices with display sizes up to 14".

Flexibility and ability to mix and match up to 12 devices ensures your charging cabinet will meet your needs today and well into the future. It features adjustable dividers so you can easily configure the slots to the size you need.

Because it is fully safety certified, it's a smart choice for education, healthcare and enterprise environments.

Zip12 Charging Desktop Cabinet

More efficiency

- PowerShuttle technology efficiently charges up to 30% faster with a single power cord plugged into a standard wall outlet
- Safely prevents overloading of electrical circuits by automatically determining the maximum number of devices that can be charged at one time
- Removable top panel makes set-up and cabling easy
- Well-designed ventilation and continuous operating fans keep devices cool
- Cabinets are stackable up to two high (hardware is provided to secure units together)
- Ships fully assembled

More security

- Rugged steel construction handles rigorous use and demanding conditions
- Durable steel doors include a 3-point locking mechanism with separate key lock
- Add padlock for additional door security
- Cabinet can be securely attached to a worksurface up to 1" (25 mm) thick; security hardware is provided

FEATURES ERGOTRON'S PATENTED POWERSHUTTLE® POWER MANAGEMENT TECHNOLOGY, THE SYSTEM THAT EFFICIENTLY CHARGES UP TO 40% FASTER THAN A STANDARD ROUND-ROBIN SYSTEM

Part # (color)	US/CA/MX DM12-1012-1 (black & silver) EU DM12-1012-2 (black & silver) UK/IE/SG/MY/HK DM12-1012-3 (black & silver) AU/NZ DM12-1012-4 (black & silver) CN DM12-1012-5 (black & silver) JP DM12-1012-6 (black & silver)
Compatible Devices	Includes most tablet, Chromebook, Ultrabook, MacBook and laptop devices with a 14,0" display or smaller (Verify device dimensions for compatibility)
